Agenda

I - Challenge

II - Librarians in universities

III - Initiatives to engage librarians

IV - Results

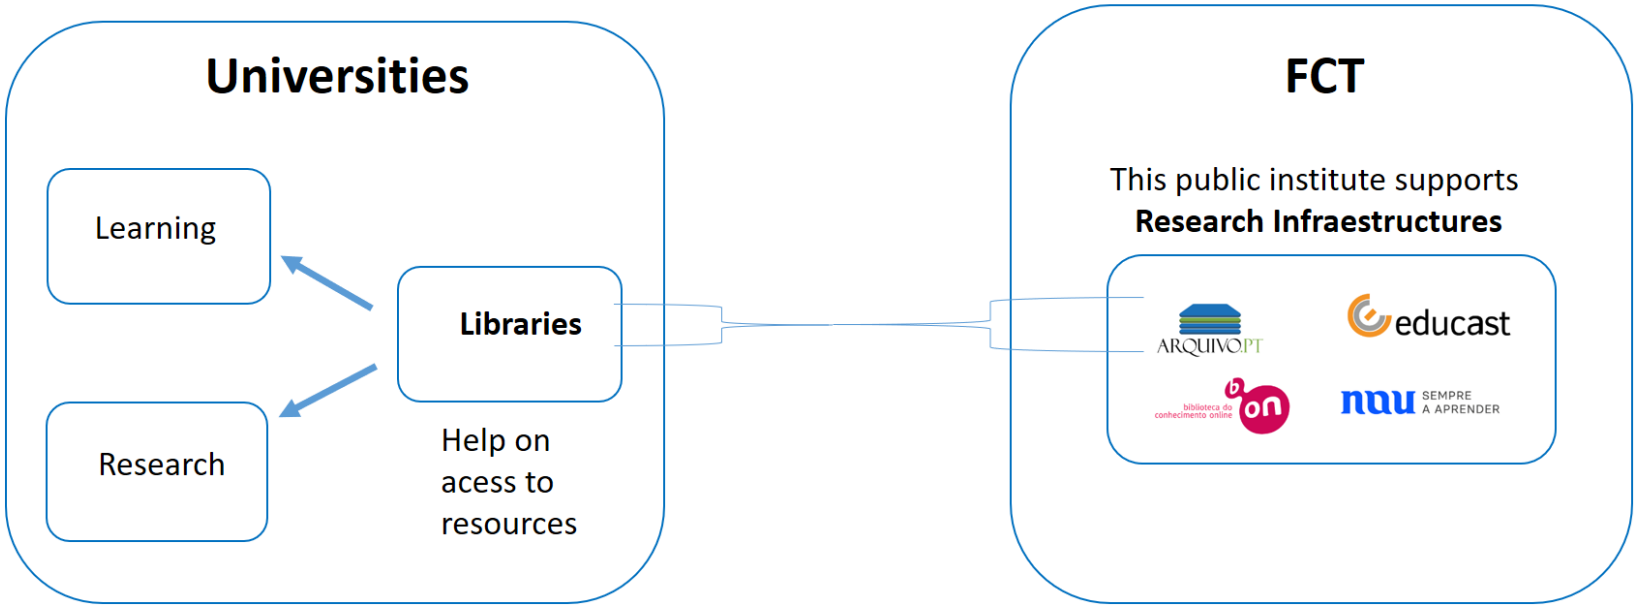
V - Conclusions

I - Challenge

We have a web archive,
but we need to build a community engaged with web preservation

II - Librarians in universities… and Arquivo.pt

University libraries and Arquivo.pt are part of the same network for Research and Higher Education



II - Librarians in universities

Librarians in universities can become a community of **web archiving practitioners**

177 university libraries

III - Initiatives to engage librarians

III - Initiatives to engage librarians

Training on Web Archiving

Exhibitions with the help of librarians

Collaborative collections of institutional websites

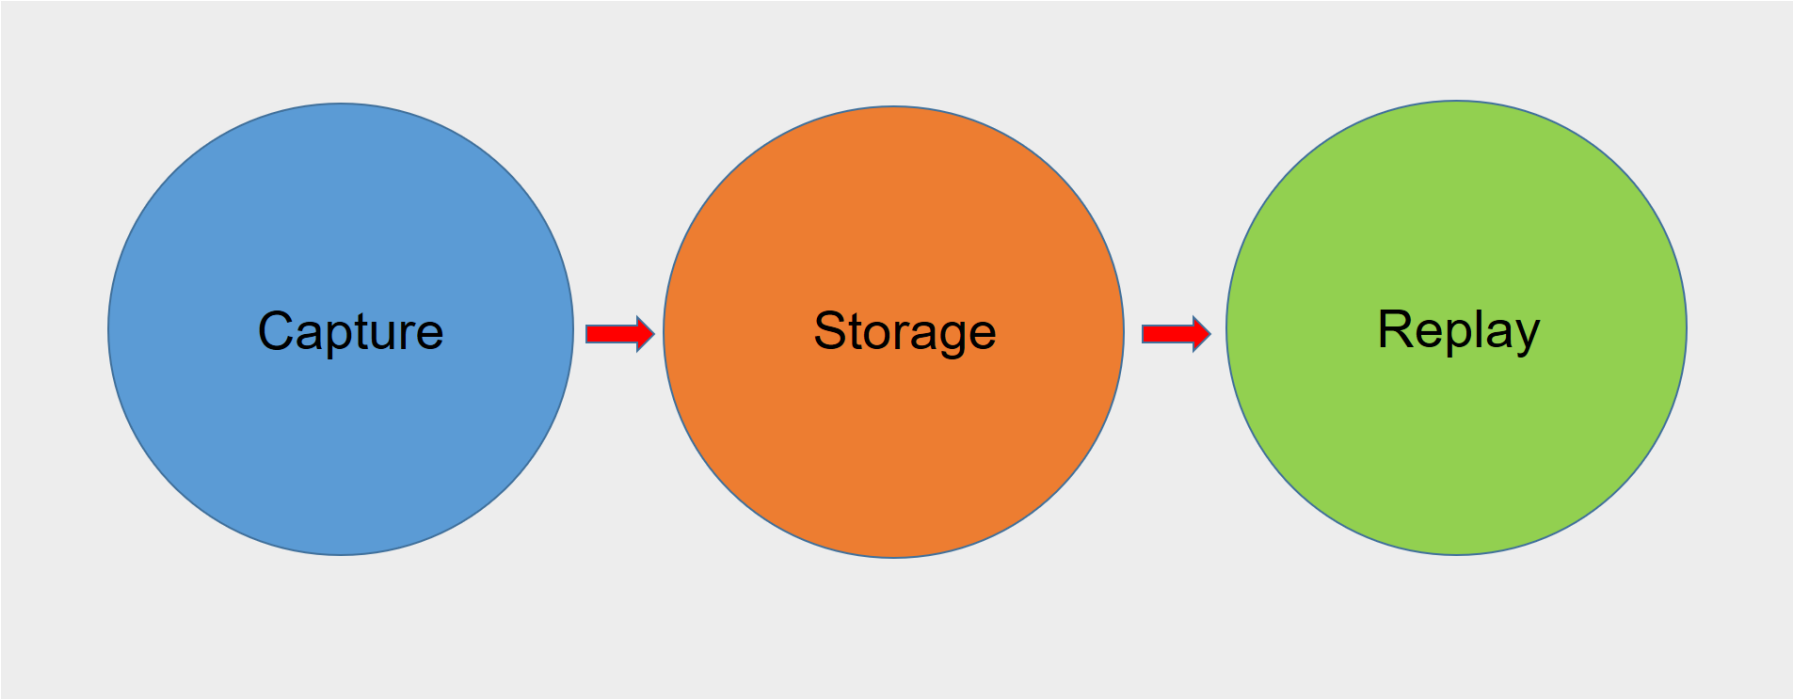
Participation within the working-group of university libraries

III - Initiatives to engage librarians

Training

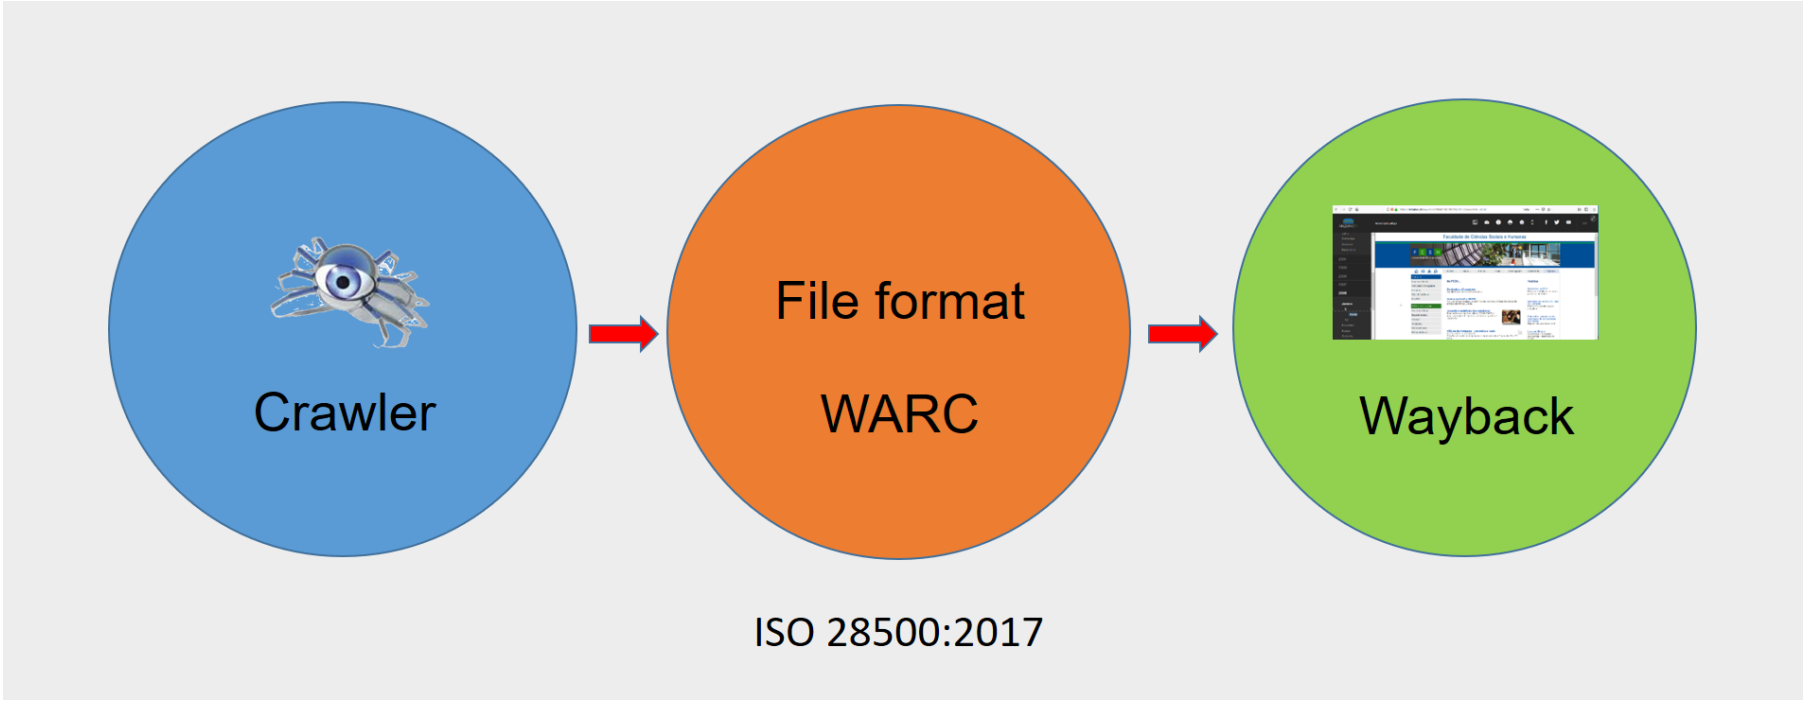
III – Initiatives to engage librarians - training

3 steps for preservation



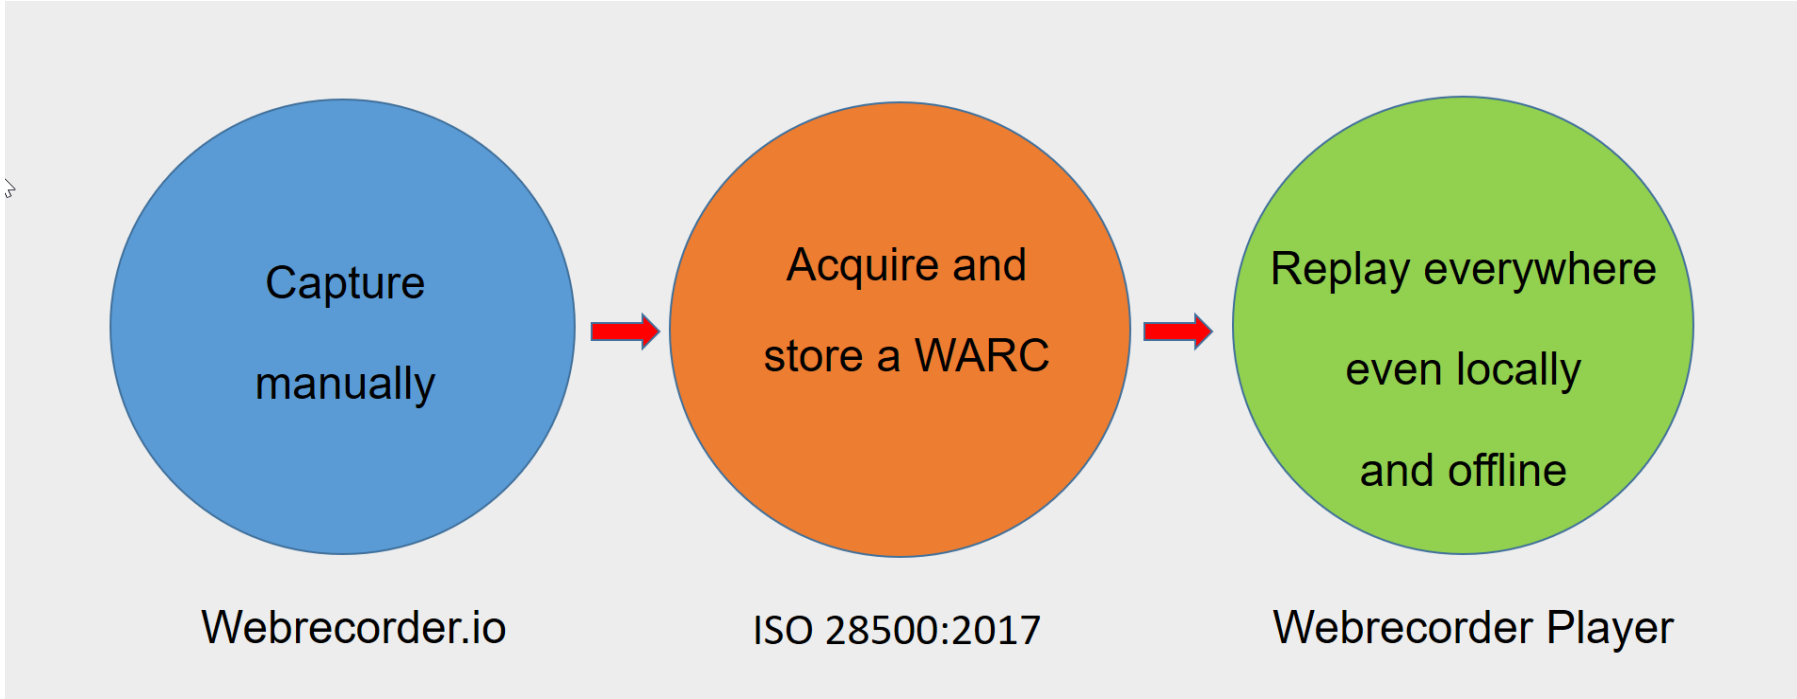
III – Initiatives to engage librarians - training

How does it work… in Arquivo.pt

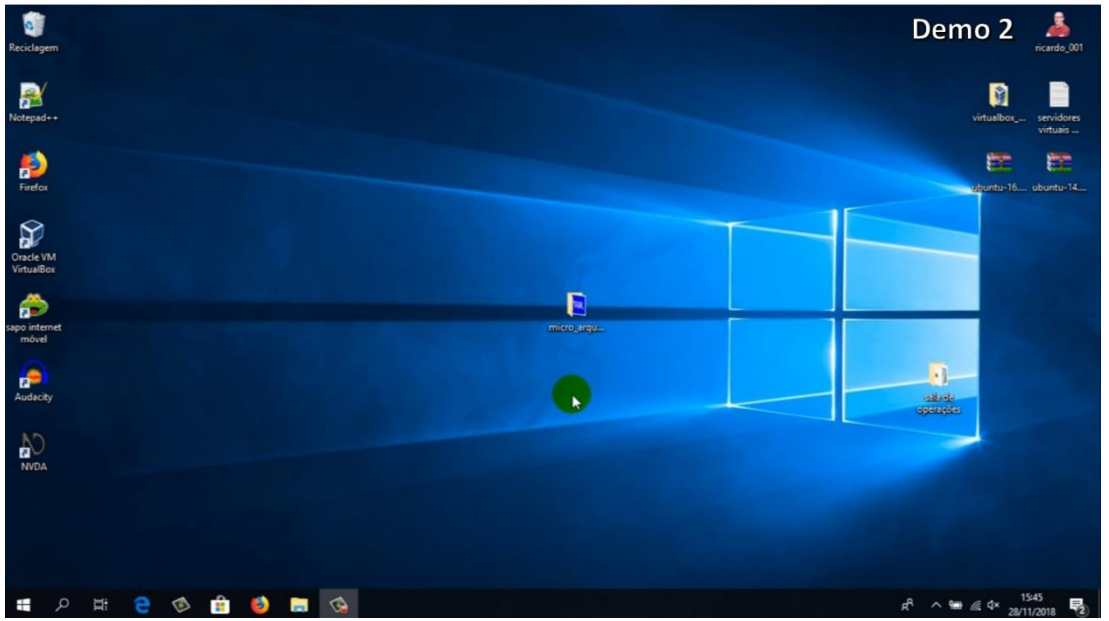


III – Initiatives to engage librarians - training

How does it work… locally



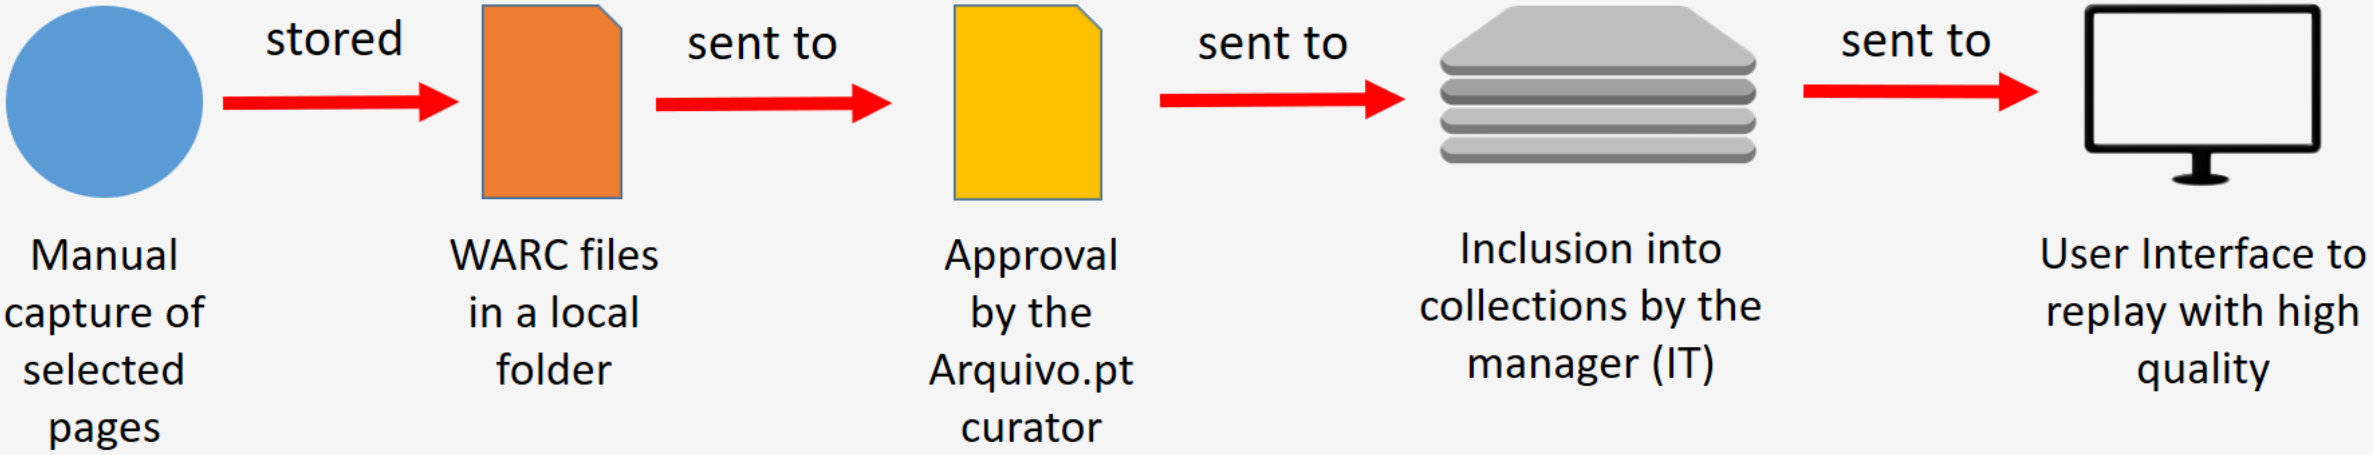
III – Initiatives to engage librarians - training



Demo: Capture of a social webpage, e.g. Facebook using [Webrecorder.io]

III – Initiatives to engage librarians - training

The training also have some perspectives about future collaboration



III – Initiatives to engage librarians - training

Training Goals

- Empowering librarians with autonomy to preserve their own heritage
- Training librarians to help Arquivo.pt integrating their own captures
- Improving the quality of archived web pages through patching

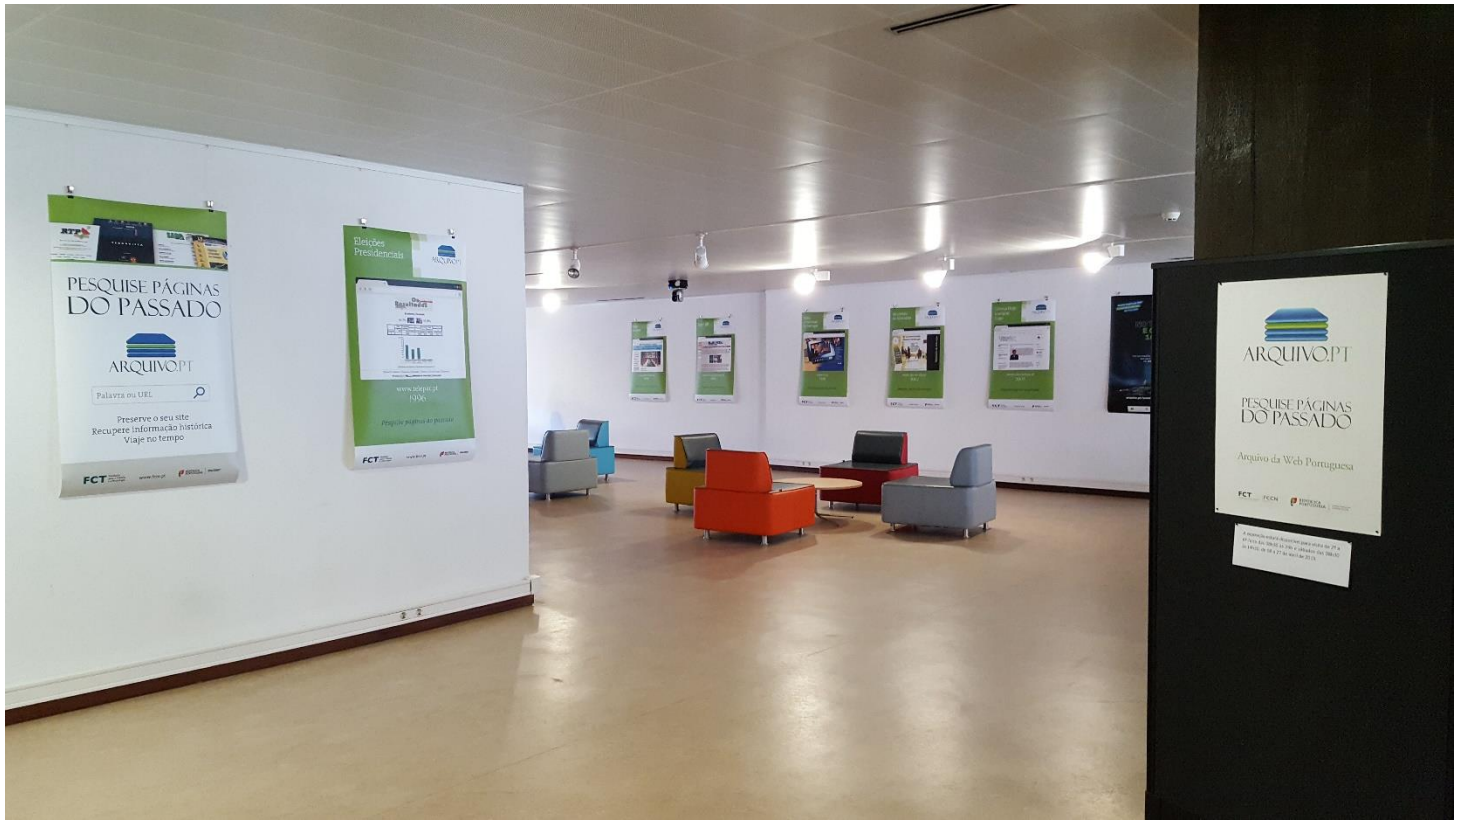
III - Initiatives to engage librarians

Exhibitions

III – Initiatives to engage librarians - exhibitions

Exhibition at the library - NOVA-FCT – University of Lisbon

III – Initiatives to engage librarians - exhibitions



Exhibition at the library - University of Minho

III – Initiatives to engage librarians - exhibitions

Exhibition at the library – ISCTE-IUL – University Institute

III- Initiatives to engage librarians

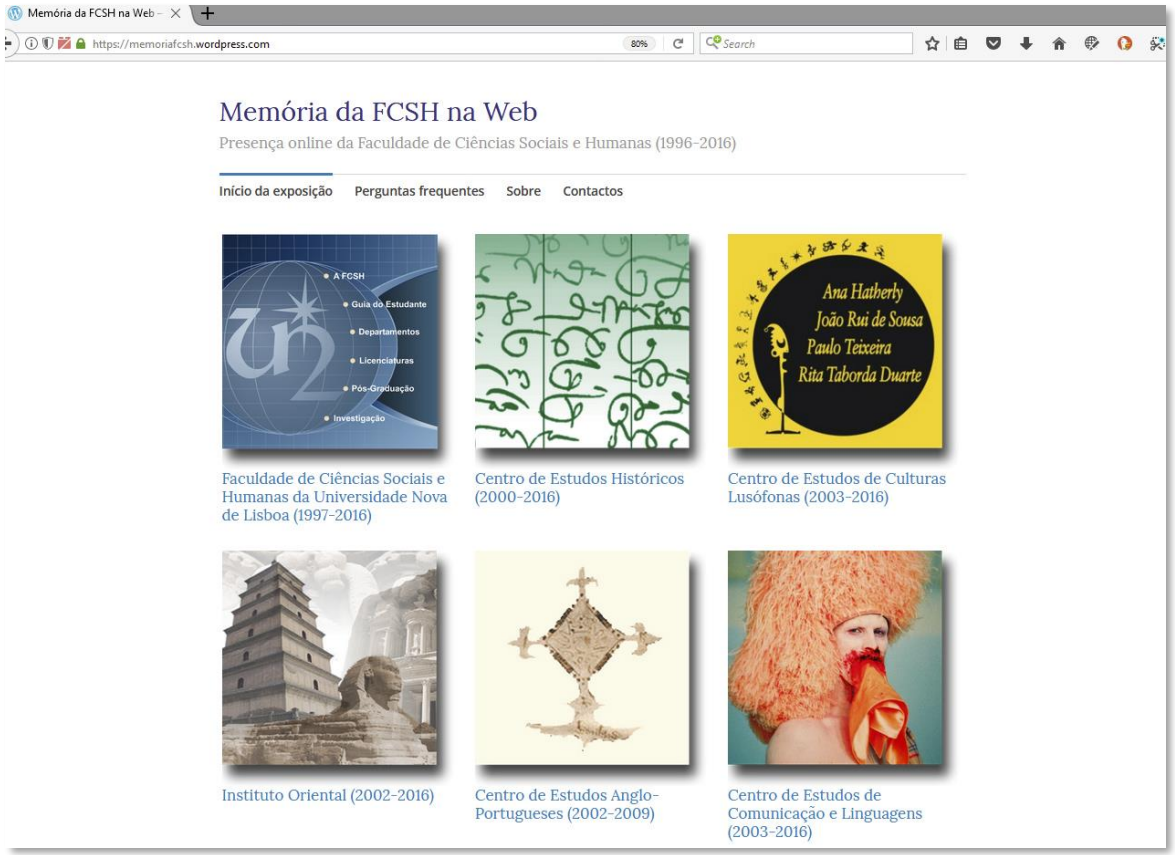
Collaborative collections

III – Initiatives to engage librarians - collections

Collaborative collections of

institutional webpages

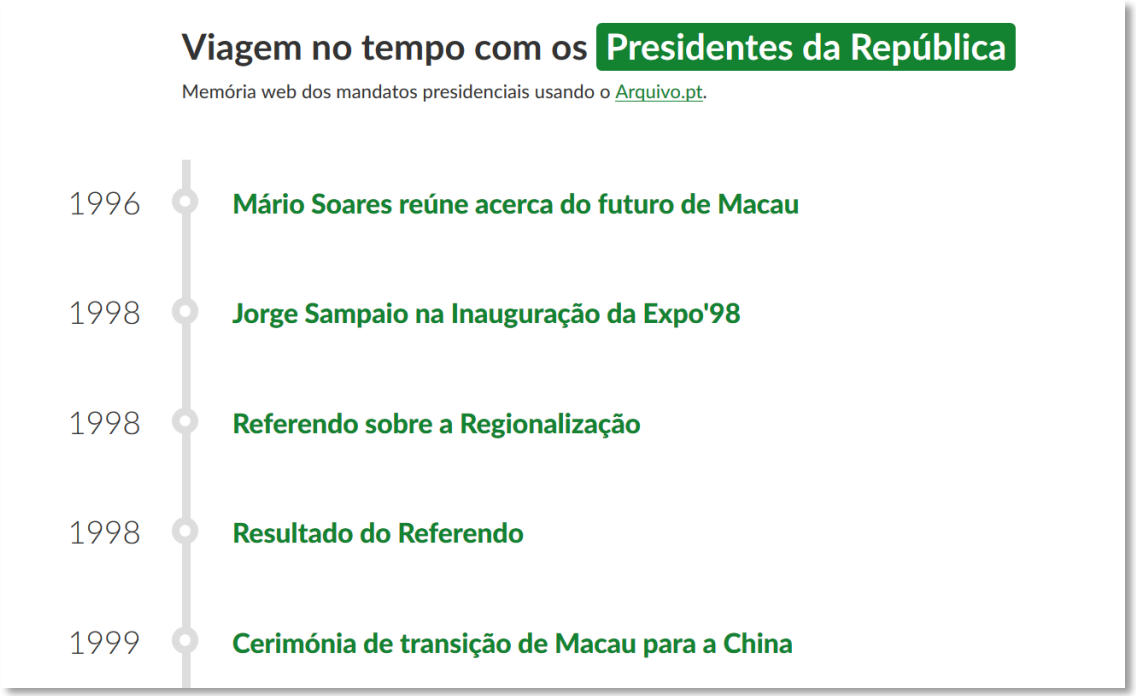
e.g. memoriaFCSH.wordpress.com



III – Initiatives to engage librarians - collections

Timelines as collections of institutional webpages

E.g. https://arquivo.pt/presidentes



III- Initiatives to engage librarians

Working-group of university libraries

III – Initiatives to engage librarians – working-group

Focus of the working-group for university libraries:

- Support on access to resources
- Cooperation networks
- Training about open access, open data, open science
- **This year, the topic of Web preservation was included**

IV – Results

IV – Results

From September 2018 to June 2019

Inititatives	How many	Engaged librarians
Training sessions	12	120
Exhibitions in universities supported by librarians	6	6
Collaborative collections (unfinished)	3	3
Working-group of university librarians	once a month	60

IV – Initiatives highlights

WDPD 2018

World Digital Preservation Day,

November 29 – Lisbon

V - Conclusions

V – Conclusions

- Training sessions increased librarians awareness about web archiving
- More training and awareness about Web Archiving is needed

Don’t lose your memory!
